Mayor's Report

As we start a new year there will be several changes with our city council and planning and zoning commission. Matt Curry will be leaving the council and Stacey Prescott will be taking his place. The addition of a new council member will result in several changes in council assignments. For the coming year Stacey Prescott will have responsibility for 4th of July committee, library and CERT. Jeff Hall will have responsibility for water, sewer and theater. Kim Bodily will have responsibility for parks, cemetery, arts council and youth council. Robert Martinez will have responsibility for roads, Cub River sports complex, recreation and economic development committee. Roy Hall will have responsibility for planning and zoning, fire department and emergency preparedness. If you have questions concerning these various departments please feel free to contact the council member responsible.

Carolyn McKnight will complete her term on the planning and zoning commission on February 1, 2012. She has been a valuable asset on the commission and her service is greatly appreciated. A replacement for Carolyn will be presented in the next council meeting.

We are always in need of volunteers to serve on the various boards and committees required to keep our community functioning. If you have a desire to serve in some way please contact me, a council member or staff member. I can be reached at 258-2194 or mayorfield@gmail.com.
